## Pursel Called 'Good Friend' to Whole Area

Describing Supervisor Kent Pursel, candidate for State Senate, as "a good friend of all sections of the county" and the best qualified candidate, Thad McCarty, general chairman, today announced additional bipartisan committees working for Pursel. Assisting on Albany committee will be John Pleich Jr., Mrs. Evelyn Pine, Cecil Lavers, Roy Ford, Joe Vovino Young, Arthur Thomas, George McDermott, Dr. R. T. McMahon, Dr. George Taylor, Joseph Gaeta, Edward Kistner, N. P. Recakas, Joseph Amess, Mrs. Irene George, Mrs. Maud Goodare, Mrs. Ed Hogan, Charles Graeber, May Ellis Olson, support for Pursel from those who served on committees during primary for Guy Warren, is moving to overwhelming proportions, McCarty said. Warren, a former businessman, sought Democratic nomination in 1956 but was narrowly defeated by well-organized "liberals," including young Oakland Councilman John Holmdahl. Warren ran on a moderate platform.

The group of former Warren backers now aiding Pursel is headed by A. J. Oliveira, who is campaign treasurer; Orland McCarty, Mayor Frank Biggs of Hayward and George W. Phillips.

Pursel has called for economy in state government, which faces a \$50-million dollar deficit, and relief for overburdened taxpayers. He has stressed the need for fiscal expansion to meet the demand for jobs for the population with in California of 500,000 a year.

## AN EDITORIAL

Tuesday, November 4, the voters of Albany will be called upon to cast their ballots for or against a bond issue to cover construction of new police and fire department headquarters, and a new city hall.

The vital need of the city for these improvements is admitted by all those who have made a careful and unbiased study of the conditions.

Some time ago the city purchased several pieces of property to augment that presently occupied by the old buildings for \$43,500, the funds being taken from the city's capital outlay fund built up by budget savings.

More recently Councilwoman Kathen Zahn was appointed by the council to study similar projects recently completed in other cities comparable to Albany. She traveled widely throughout this area and provided the council with many excellent ideas in design and planning. She further directed architectural designing which resulted in plans later unanimously approved by the council.

Then, on August 18, Mrs. Zahn introduced Ordinance No. 58-027 for the calling of a special municipal election for the purpose of submitting to the city's voters, a measure "Of Incurring A Bonded Indebtedness — For the Acquisition, Construction and Completion — Comprising a City Hall, A Police Station Building and A Fire Station Building and Constituting City Plan 'A' Of The City Of Albany, Heretofore Approved By The Planning and Zoning Commission And By The Council Of The City Of Albany —." On motion of Mrs. Zahn the measure passed the First Reading by a vote of 4-0, with Councilman Keck absent. Mrs. Zahn had to leave a sick bed in order to be present and give the measure the required fourth vote. The following week the measure again passed (To second reading and publication) 4 to 0, with Mayor Howell absent.

The passage of this measure on the November 4 ballot is necessary if the future progress of the city is to be maintained. The buildings are vitally needed by the various departments. The need is here and now. The cost is low. It is up to you, the voter, to remedy this situation and bring your city up to present day standards.

Vote "Yes" on 'City Plan A' and the bond issue to finance construction.

Less amount budgeted annually for city's capital outlay .....	10,000
<b>Additional revenue needed each year</b> .....	<b>25,000</b>
To raise this amount would require an addition of 14 cents per hundred on the present tax rate.	

Albany's city tax rate for the fiscal year 1958-1959 is \$1.68 per \$100 assessed valuation. This is seven cents per hundred LESS than Albany's tax rate of 10 years ago. Prices have gone up a great deal in this 10-year period but your City Government has held the line against this inflation. For comparison's sake, Berkeley's tax rate is \$2.02 and Oakland's rate is \$2.53.

LET THE RECORD SPEAK. Albany's tax rate is low. The cost of adequate city buildings is small.

LET US ALL RECOGNIZE THE NEEDS OF OUR CITY AND DO OUR PART TO MEET THESE NEEDS!

VOTE YES on Measures F and G at the polls on NEXT TUESDAY, NOVEMBER 4.

## SOLANO AVE. ALL SET FOR HALLOWEEN

The merchants along Solano Avenue have set aside their windows for the Halloween Children's art group who will, under the supervision of the schools principals chairmen by Milton Gordon, principal of Cornell School, decorate the store windows with ghosts and goblins and various scary night-prowling creatures.

Today the decorations will be on view for the public and parents of the artists. A committee of mothers will judge the window display paintings and there will be prizes given by the merchants. This is the fifth year the Solano Avenue Merchants Association has handled this project. The association conducts an Easter parade every year and decorates the avenue for the Christmas celebration.

On Wednesday the merchants, headed by John Pleich and Bud Read, paint all the windows white ready to receive the paintings by the children. The ladies, headed by Marge Bishop and Dorothy Simmons, signed up all the merchants; over 100 windows will be painted. William L. Garren is president of the association.

## Berkeley Mayor Backs Harris For Judgeship

Mayor Claude B. Hutchison of Berkeley issued a "Statement" today urging the election of Councilman Arthur Harris as Municipal Judge to fill the vacancy created by the retirement of Judge Louis J. Hardie.

Mayor Hutchison stated: "I have had an excellent opportunity to observe the work of Arthur Harris on behalf of our community and I have been impressed by his performance. He is conscientious, sincere and fair; he has demonstrated ability to analyze carefully and in an objective manner problems that come before the Council. He possesses proven qualities that would make him an outstanding Judge for our community. I urge your support of Arthur Harris for Municipal Judge."

Mayor Hutchison, noting that Arthur Harris is the only candidate for judge who is an active practicing attorney, declared, "I believe that the experience of years of court work as a trial lawyer is most desirable before a man is elevated to the position of Judge."

## Chamber Chatter

By IRENE GROVE

So many decisions are facing us. Here are a few lines that could be applied: Have you ever said, "I'm sorry, that's for experts"? Is it? Think again. Are you a business man in our town of Albany? Are you interested in its commercial and industrial progress? You are or you would not be doing business here. You do or your family would not be living in this community; it's future is in your hands.

No, it doesn't take an expert to make the decisions and to carry out a progressive program for your city and state. It just takes a man who wants to make things happen rather than to watch them happen.

Your next opportunity to help to make things happen is November 4th when it is your duty and privilege to go to the polls to vote. Every business man in Albany has as his obligation to his city and state, to take advantage of his right to cast his vote for what he believes is right and to see that his employees vote November 4th.

Are you prepared to use this privilege wisely and well? There is a great deal of information on the many propositions on which we must vote a "yes" or a "no" both on our state and city ballots. Many of these are of direct influence on you as citizens of Albany.

Among the many state propositions, is Proposition 4 which provides for the development of small craft harbors in the state. A development of definite inter-

est to the citizens of Albany.

The report of facts brochure on Measures F & G, providing for a bond issue to provide the urgently needed new buildings in Albany will soon be in your hands. Study it carefully. Your Chamber of Commerce is not recommending how you vote but wants to provide you with the information so that you can make your own decision.

No area can continue to grow and prosper without industrial growth. We are very fortunate that we live in one of the most rapidly expanding industrial areas in the country, the Metropolitan Oakland Area. Just how rapidly this area is growing in industrial expansion was the report made at the report luncheon of the Metropolitan Oakland Committee, Friday, October 21 at the Claremont Hotel. Your Chamber of Commerce Manager brought back some interesting material on the subject which is available for your use. Included in this is a directory of manufacturers and wholesalers of Alameda County, a plant location map of the area and many other informative folders. Albany is a city of homes and small businesses but we do have industry. Watch for a future column on the industry in Albany. It is essential to the economy of the community.

Don't forget your Chamber of Commerce is you and for you and the office at 1037 Solano is at your service with information and assistance at all times. "Yours truly" . . . Your Chamber of Commerce Manager.

**Don Mulford Warns on State Rising Costs**  
As your incumbent Assemblyman representing the people of the 18th District (Albany-Berkeley), I have had an opportunity to participate in many discussions pertaining to our community.  
A topmost concern is the rising cost of government. As businessmen, we all know that we must take in more money than we pay out or we are in financial trouble.  
Now, I regret to report, we Californians are in trouble. I can report to you that at a meeting of the Government Organization Committee on which I serve, held in Sacramento on Friday, October 17, we heard full reports on the State's financial plight. Testimony presented to us showed a possible savings of only approximately fifty million dollars. The deficit for 1953 is estimated at more than two hundred millions of dollars without specific sources of new revenue.  
The successful passage of Proposition 17 will result in financial chaos in California. I am devoting prime efforts to economy, and, in particular, to the defeat of Proposition 17.

**Mounting Tires Requires Right Tools, Handling**  
Many of the 14-inch tires which first appeared on 1957 automobiles are now reaching the end of their life span, reports the California State Automobile Association.  
When such tires are replaced or recapped, be sure your service station or garage is equipped to do the job. Mounting must be done from the narrow side of the wheel rim, and the tire must fit snugly.  
If a recapped tire will not hold air, it may have been stretched. In this case, a conventional tube may be inserted in the tire.

Proposition 4 is California's opportunity to create a new era of recreational pleasure and Statewide prosperity by developing its harbors—coastal and inland—small and large—for all craft—from outboards to ocean liners. Proposition 4 is a self-liquidating bond issue—costing the taxpayer nothing! It not only provides funds to modernize California's vitally important State Harbor, but in addition makes it possible for communities in every section of the State to develop urgently needed small boat facilities.

**Strong Trend To Democratic Side**

"This election year in California the campaign trend is unmistakably in favor of the Democratic Party and this is a strong sign for the election of Jeffrey Cohelan to Congress in the Seventh District," Lyle E. Cook, chairman, Cohelan for Congress committee, commented this week. Cook said:

"Many things stand in Jeffery Cohelan's favor. First, there is the strong new Democratic registration in the district. Second, Jeffery Cohelan is a popular candidate; people like him. Third, the thinking has spread that 12 years in office, without notable accomplishments, is enough for the Republican incumbent."

Cook reported "get-out-the-vote" drives will be conducted Election Day by Democrats in all three Assembly districts comprising the Seventh Congressional District. The local Cohelan chairmen are Mrs. Sheldon Sackett, 16th Assembly District; E. B. Griffin Jr., 17th Assembly District, and T. J. Kent Jr., 18th Assembly District.

**STATE PROPERTY TAX**

**DON'T LET THIS HAPPEN TO YOU!**

Who wants to be stuck for a NEW STATE TAX ON HOMES? Or a new State sales tax on Food? Or new and higher taxes on Gasoline?

Nobody—of course!

Yet State officials, business economists and tax experts agree that these are the almost certain results of passage of Proposition No. 17—the Monkey Wrench Tax Bill on the November 4 ballot.

No. 17 is called the Monkey Wrench Tax Bill because it would wreck the machinery of State government by its irresponsible tax tinkering.

By reducing the State's chief source of revenue—the sales tax—No. 17 would imperil appropriations for schools, hospitals, aid to needy children and the aged. By hiking California income tax rates to the highest in the nation, No. 17 would drive business from California and threaten job security.

Who'll pay to put the pieces together again if the Monkey Wrench Tax Bill strikes? Middle and lower income bracket people would pay the most—through new and more burdensome substitute taxes at both the State and local levels. Don't let it happen to you!

These, and hundreds of other responsible California organizations agree:

On Sunday, October 26, the Club celebrated its second anniversary. The dining room, beautifully decorated in a Halloween motif, was the scene of the festivities, following which the members returned to the Club rooms and were entertained by world traveler and lecturer, Charles Knight, who showed colored slides of his travels from Hawaii through the South Sea Islands to Australia and New Zealand.

The club meets at the Community Center, 8th and Monroe Streets, University Park, every Wednesday from 10 a.m. to 4 p.m. Members bring their lunch and eat together between 12 and 1, and every Sunday from 1:30 to 9:00 p.m. Luncheon at 5 p.m.

As Vista PTA goes into the last week of their Membership Drive, with an enrollment of 168 children, 148 women and 42 men have joined to date. This year has started off with their first two events in the 100's. This being the third event they are keeping their fingers crossed that the superstition "All Things Run in Threes" will hold true for them. They played host to 100 persons at the Outdoor Barbecue, followed by the Festival, which they figured must have had a 100 per cent turnout, by the proceeds they took in.

Mrs. C. H. Senne says, if 100 per cent membership is reached it will be because of the splendid job done by her committee, Mesdames Gordon Winship, Richard Gleason, Irving Johnson, Engel Sluiter, Mrs. Burt Harris and William Woolworth, principal.

**Piggyback is for Children**

"Piggyback" was lots of fun when you were five years old, but grown men don't play "piggyback."

When we expect and demand wage scales brought about through Labor-Management negotiations we should share in the responsibilities as well. No man has the right to collect benefits he could not get alone without accepting the obligations of those benefits.

Under the Taft-Hartley Law union contract provisions must cover all employees.

One obligation that should be accepted by all is to vote NO on Proposition 18, the so-called "right to work" law. Playing "Piggyback"—riding on the shoulders of those who support organized labor advances is short-sighted and irresponsible.

Can you afford to risk your job security, collective bargaining, paid vacations and all the rest of the hard-won benefits which Labor-Management negotiations have produced?

The free ride philosophy is dangerous—it will wreck your community prosperity.

Last on your ballot—first in importance.

City, greater civic pride and added efficiency and safety in measures of City Services and Departmental Performances.

Improvements in the Police Department are necessary because the present building is far too small to meet today's police requirements.

The Fire Station, built in 1913, has been condemned by the Board of Fire Underwriters and previously by three City Engineers. Housing the valuable emergency equipment, the building not only lacks facilities for the personnel but it sadly neglects to provide adequate protection for this equipment.

Editor, Albany Times:  
I had such fun writing this, can you use it?

To build or not to build, that is the question. Whether 'tis wiser in the pocketbook to suffer the sagging angles of decayed

foundations, Or to take up tools against a sea of termites And by rebuilding end them. To plan, to build, once more; And if we build, we'll end the headaches. And the thousand new repairs old halls are heir to. 'Tis a wise decision devoutly to be wished.

MARJORIE KECK

Editor, Albany Times:  
I am both a resident and a businessman of the City of Albany and therefore I am greatly interested in the plans for new public buildings. We, like other cities around us, are suffering from growing pains. The fact that Albany has long outgrown the existing public buildings is evident to all of us.

I am proud of my many contacts that heartily favor this project. People seem to have that traditional civic pride that is associated with Albany. The fact that we have the property upon which to build these buildings that are so urgently needed

makes this project one worthwhile both to Albany citizens and Albany businessmen.

JESSIE O. ELY

Editor, Albany Times:  
I believe that our small city, with a population of about 18,000, is the finest place on earth. If I didn't, I wouldn't be here. I raised my family in Albany and, in turn, am watching my grandchildren grow to take their place in the community.

It has always been a source of wonder to me why we didn't do something about the public buildings in our city. We continually contribute through county taxes for elaborate county buildings built in the city of Oakland and yet here in Albany, where we are constantly in contact with them, we have unsightly, inadequate buildings certainly out of place in our beautiful city.

Hon. John J. Allen, Jr.  
Representative in Congress  
1020 Central Building  
Oakland 12, California

Dear Congressman Allen:

This letter will assure you again in somewhat formal manner of my support in the coming congressional election and the support of the men of the Sailors' Union of the Pacific whom I represent. In a vote of the membership, the Union considered your record in Congress and authorized such support. It did likewise for the three colleagues who served with you in the House of Representatives from the San Francisco Bay Area and who also have served on the Merchant Marine Committee or the Appropriations Subcommittee having to do with Merchant Marine appropriations.

Your record in Congress during the past 12 years has demonstrated that your services are good for the merchant marine industry and for the men of my Union who work in it. The seniority which you have achieved makes your future services potentially even more valuable. The American-flag Pacific Ocean shipping industry and the shoreside industries on the Pacific Coast, particularly in the San Francisco Bay Area, are in better condition than they have been in many years, thanks in good part to such services.

It has been estimated that \$1 out of every \$3 which circulates in the Bay Area might disappear from circulation if it were not for the industry and business, the shipping and the shoreside commerce, which our magnificent harbor and the merchant marine services which use it bring to our area. Without it, one-third of the dollars, one-third of the jobs and one-third of the business might go to other areas. We know therefore that a healthy merchant marine activity both afloat and ashore is of tremendous importance to everyone who lives in this area. I do not hesitate to say that the services in Congress of you and of your colleagues have been of benefit to all Bay Area residents. I recommend to all who work here or who have business interests here to give you their complete support. I repeat, that I join with the membership of the Union which I represent in appreciation of your services and to assure you of our complete support in the coming election.

Sincerely yours,

Morris Weisberger

## DON'T TAX SCHOOLS DON'T RAISE TAXES

\$118,000,000.00...is the amount of taxes the State Board of Equalization reports you are saved every year by California's nonprofit schools built, paid for, maintained by Protestant, Catholic, Jewish and nonsectarian groups.

\$400,000,000.00...is the sum that would be required—again by official report of the State Board of Equalization—to duplicate the school buildings built at no public expense by California's 1,076 nonprofit schools.

To tax them would shift a high percentage of their enrollment into critically over-crowded public schools—at the public's expense!

\$346.00 PER PUPIL...is the average cost per year to the taxpayer to educate a child in the public school system, according to figures supplied by State Controller Robert C. Kirkwood.

The State Board of Equalization reports that if these schools were taxed, they would provide less than \$1,800,000 in tax revenue. Don't punish schools that are giving the taxpayers the greatest bargain in history—a \$118,000,000 tax saving in exchange for less than \$1,800,000 in tax exemption. To punish these schools with a tax would punish every California taxpayer.

IT'S UN-AMERICAN...Proposition No. 16 singles out for taxation the nonprofit elementary and high schools sponsored and paid for by Protestant, Catholic and Jewish faiths. It is a PUNITIVE measure. It violates the American tradition of tax-free education. AND ITS PURPOSE IS DISCRIMINATION.

No state taxes nonprofit schools, for the simple reason that they save taxpayers millions of dollars every year in school support—\$118,000,000 in California alone. Parents of children attending nonprofit schools pay the entire cost without one cent of state aid.

IT'S UNFAIR...It is unfair to force a family to pay a double tax for education. Parents of children in nonprofit schools pay their full share of public school taxes. To tax their nonprofit schools would be taxing them twice for education.

None of the other 48 states taxes these schools. Tax-free education is an American tradition originating in colonial times.

Nonprofit colleges and universities are not taxed. It is unfair and inconsistent to tax California's 390 Protestant, 643 Catholic and 43 Jewish and nonsectarian elementary and high schools.

## WHO IS PROMOTING NO. 16?

A front organization deceptively calling itself "Californians for Public Schools"—which has NO CONNECTION WHATSOEVER with the public schools, does not have ONE public school official or teacher on its committee, has NEVER supported a single public school bond issue, or ever raised its voice to help solve any of the critical problems of the public schools. The sole purpose of No. 16 is DISCRIMINATION.

## In The Albany Churches

**CHRISTIAN SCIENCE**  
 The ever-availability of divine, impartial mercy and justice will be explained at Christian Science services on Sunday.

One of the selections from the Bible in the Lesson-Sermon entitled "Everlasting Punishment" is this from Proverbs: "Forsake the foolish, and live; and go in the way of understanding" (9:6).

Passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will include the following (6:18): "To suppose that God forgives or punishes sin according as His mercy is sought or unsought, is to misunderstand Love and to make prayer the safety-valve for wrong-doing."

The Golden Text is from Psalms (130:7): "Let Israel hope in the Lord: for with the Lord there is mercy, and with him is plenteous redemption."

Christian Science Society in Albany meets at 533 San Pablo Avenue. Sunday Morning Services are at 11 o'clock and Wednesday evening meetings are held at 8 p.m. The Sunday School convenes at 9:30 a.m.

**ST. ALBAN'S EPISCOPAL**  
 7:30 a.m. Celebration of Holy Communion.

9:15 a.m. Morning Prayer and sermon followed by Christian education classes, from the nursery through the adult Bible class, the latter being taught by the rector, the Reverend John Hathaway Blackledge.

11 a.m. Holy Communion and sermon by the rector on "How Much Should I Keep?" Nursery care is provided and a coffee hours, to which all are invited, follows.

**COMMUNITY METHODIST**  
 "The Personal Advantages of Being A Protestant" will be the sermon theme of the Rev. Douglas H. Henderson. Two services

are held each Sunday, at 9:45 and 11 a.m.

The new Youth Choir under the direction of Mr. Harevy Rydman, will sing at the 9:45 service, Church School for all ages at 9:45 a.m.

**GRACE LUTHERAN**  
 At Grace Lutheran Church, Santa Fe Avenue at Ward, Mission Sunday will be observed in both the 9:45 a.m. and 11 a.m. services next Sunday, the Rev. O. R. Janke, pastor, speaking on the topic, "The Great Unfinished Task." A special in-gathering of offerings for the world-wide program of missions will also be made in this service.

The lesson topic for the graded classes of the Sunday School meetings at 9:45 a.m. will be, "Gifts For the Tabernacle."

**TRAFFIC INJURIES DOWN**  
 Motor vehicle traffic injuries in California moved downward during the first five months of 1958. The National Automobile Club reports that 53,354 injuries occurred in the January-May period. This figure represents a decrease of 1.1 per cent or a numerical decline of 681 over the corresponding time in 1957.

Proposition 4 is California's opportunity to create a new era of recreational pleasure and Statewide prosperity by developing its harbors — coastal and inland — small and large — for all craft — from outboards to ocean liners. Proposition 4 is a self-liquidating bond issue — costing the taxpayer nothing! It not only provides funds to modernize California's vitally important State Harbor, but in addition makes it possible for communities in every section of the State to develop urgently needed small boat facilities.
